APE V-SMART®

AN AFFORDABLE SOLUTION

Ideal for catering and private events, this solution allows the operator to work on the ground from three sides. It only takes 2 minutes to set this model up.

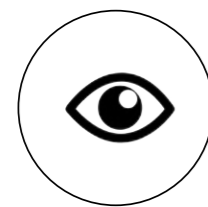

It can be configured for taps, gastronomy, pizza and coffee, or become a tiny but spacious shop, custom-made for any product.

It is a cheaper alternative for those who have the possibility to work on the ground, taking advantage of the vehicle's mobility and VS Veicoli Speciali's constructive quality.

AN EASY AND AFFORDABLE SOLUTION

A compact and easy-to-use vehicle, suited for fairs, festivals and private events. Working on the outside of the vehicle makes it cheaper than models with internal workers.

PATENTED

An original, one of a kind vehicle.

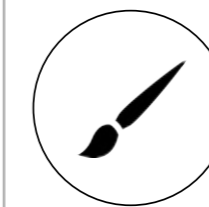

CATEGORY B DRIVER'S LICENSE

Drivable with a European category b driver's license.

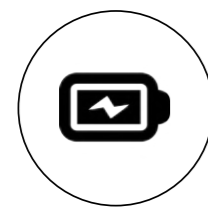

ERGONOMIC

Ergonomically excellent despite being vintage.

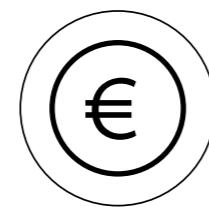

CUSTOMIZABLE

It can be customized in every detail: color, lighting, material, artwork and accessories.

AUTONOMOUS WITH ZERO MAINTENANCE

100% autonomous and easily maintained.

AFFORDABLE

Equipped with a simpler structure compare to other VS vehicles, this vehicle comes at a lower cost.

AMPLE SPACE

A light and compact model suited for any situation.

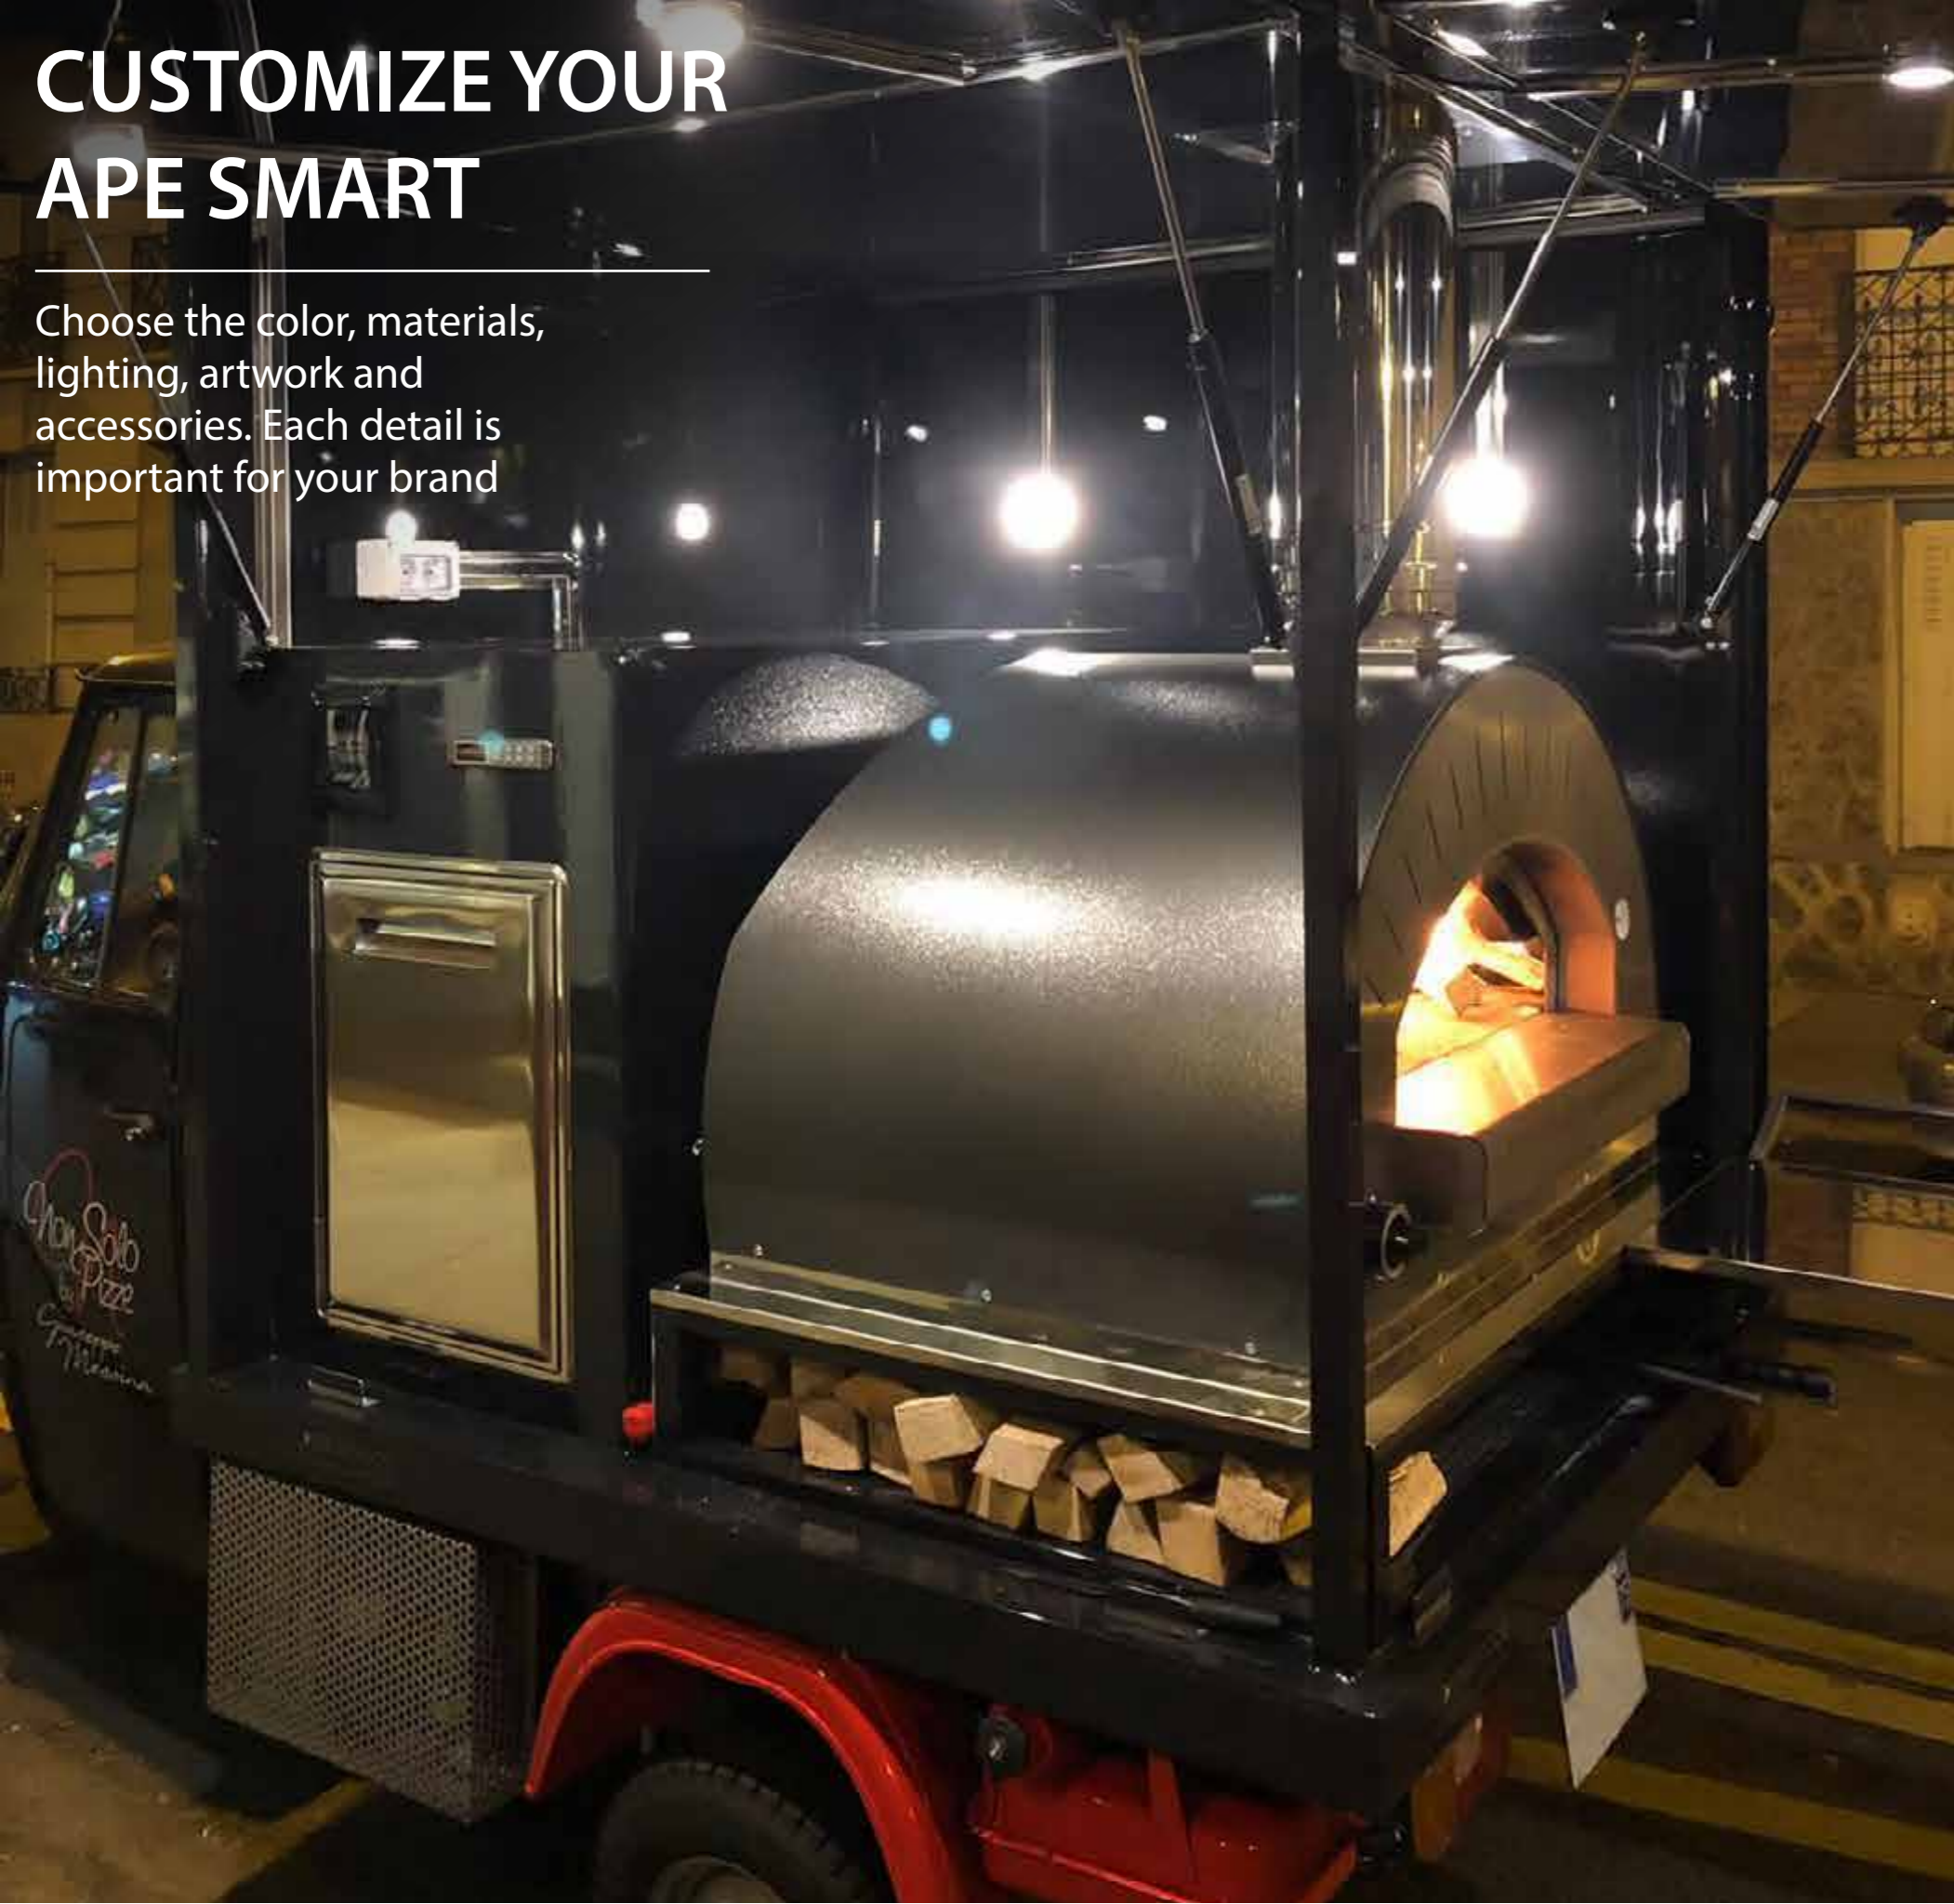

SPACIOUSNESS

The three openings allow for working on the ground from the side you prefer.

CUSTOMIZE YOUR APE SMART

Choose the color, materials, lighting, artwork and accessories. Each detail is important for your brand
